Subject: RE: Congressional calls - CA UIC

David –

I was not aware of Mike's travel to New Mexico on Thursday as it did not appear on his calendar. **However, I just noticed that Mike has accepted my calendar invite for the hold for a call on Thursday, October 15th from 10:00am – 12:00pm.** A call on Thursday, October 15th from 8:00am – 9:00am might work for the DC based folks, but hard to get California staff on a call at 8:00am as most offices do not open till 9:00am. I am supposed to be out on CDO on Friday, October 16th, but if that is the only day that will work, I could perhaps do a call, but again, Friday's are usually problematic for folks who may be out on that day. The week of October 19th will not work for me as I will be out all week on union-related travel to DC. For the week of October 26th, either Tuesday, Wednesday or Thursday would work for me. Let me know if you would like for me to move forward with a call for Thursday, October 15th for 8:00am – 9:00am, and if so, then could you please send me a couple of sentences to include in the invite that describes what it is we would like to talk to their offices about. We may not get a large turnout, but we can try and see. Let me know if you wish for me to give you a call to discuss.

Thanks Brent. Next week is a tough one for scheduling. Alas, Mike is actually in Window Rock next week on Thursday, unavailable for a call. It looks like we might be able to do 8am-9am for the Congressional staff on Wed. before Mike flies to NM. We could not do the CA State Leg folks immediately after, but there may be time Friday afternoon (I need to confirm with Mike when he is back Tuesday). Otherwise, we would need to look at the week of Oct 19th or the week of 26th. Let me know what you think. Thanks, David

Subject: RE: Congressional calls - CA UIC

Importance: High

David –

Per your request included below, in terms of outreach to Congressional and State Legislative staff who have shown a past interest in the UIC issue, I have put together the following list included below to share with you. I checked your and Mike's availability and it looks like for next week, a call between 10:00am – 12:00pm on Thursday, October 15th would work for you both. I will be out of the office the entire week of October 19th on travel to DC for union-related meetings.

Perhaps I could schedule two calls in succession (10:00am – 11:00am and 11:00am – 12:00pm) on Thursday, October 15th with one being for the Congressional staff and one for California State Legislative staff. I would not expect all of the listed staff to join the call, however, all of them have participated in previous calls with our office or have expressed interest in the UIC issue. Let me know what your thoughts are on this proposed outreach effort.

The other thing that would be helpful is to get a couple of sentences or a paragraph

that I can include with the invite that describes what we would like to update them on so they have an idea of what will be covered in the call. If you could provide that to me, I can include in the invite. I could send out the invites today to get it on folk's calendars.

I am working at home today on Friday and if you would like to discuss, please let me know and I can give you a call. My number if you wish to call me is Ex. 6 - Personal Privacy

Subject: Congressional calls - CA UIC

Hi Brent,

Issues are heating up this week and next with the CA UIC program, so Mike and I thought it

would be good to reach out to the Congressional folks who had contacted you previously about this issue. Could you help us set up some calls in the next week or two to give updates to those who are interested? Next week is a little tight, but there may be small windows here and there. Otherwise, the week of the 19th has more availability.

Thanks,

David
